

Congratulations on being awarded a 2021 grant from Vermont Parks Forever!

We believe in what you're doing! Our generous donors love to see the impact their gifts have on individuals and organizations. Please help us share the stories of your compelling work:

1. Provide a short mission statement.
2. Email a logo to be used for marketing purposes (if you have one).
3. Provide photo documentation -show us what you're doing! (See example sheet.)
4. Share our partnership in your newsletter/online/on social media and let us know. (We're happy to provide any text/logos/support you need.)
5. Submit the following:
 - a. **What did support from Vermont Parks Forever allow you to do?**
Please describe in detail the event/activity. How many people attended? Where did you go? What happened? What did you learn/see/do? What was the best part?
 - b. **How did this impact you, your organization, and/or your constituents?**
 - c. **Gather quotes or short video clips that we can use in our marketing.**
Quotes from children, adults and staff in your program are encouraged! (i.e. "Thanks to Vermont Parks Forever, our 32 children experienced their local state park, some for the first time! We splashed in the brook, hiked the trails, and drew what we saw in our nature journals. Thanks for making this trip possible!")

Please note that all pictures and text may be used on our website, in our e-newsletter, in written appeals and on Facebook. Sharing these with us means you have given us permission to use the materials in this way.

Thanks for the great work you do! We hope to consider you for a grant again in the future.
